ASNE DAY 1993

Performance vs. Affordability -- Challenge of the 90s

6-7 May 1993
Omni Shoreham Hotel
Washington, D.C.

Last year over 3,000 people attended ASNE's Annual Meeting and Exhibition. This year more representatives and decision makers, from both private and government installations are expected to attend. The theme, "Performance vs. Affordability -- Challenge of the 90's," will focus on topics such as:

- battle force engineering
- combat systems
- logistics
- materials/composites
- communications
- survivability
- directed energy effects
- propulsion innovations
- ship design
- auxiliary systems
- high performance craft
- ship maintenance

The cost to exhibit is $1,100.00 per 10' x 6' space, $1,400.00 per 10' x 8' space, and $5,600.00 per island. There are a limited number of spaces available for ASNE Day 1993. Exhibit space is available on a first come, first serve basis, so call ASNE now!

Interested Exhibitors contact:
